Michigan Grown **GLADIOLUS BULBS**

For Forcing—Outside Planting—Counter Sales or Mail Order Trade

In buying direct from the grower, you have the assurance of quality bulbs grown especially for the wholesale trade from young, vigorous stock. You are assured of high-crowned true-to-name bulbs, accurately graded, hand selected; clean and healthy—thrips free. These bulbs cannot fail to produce top grade flowers.

Use only **FIRST** size bulbs for forcing. For best results plant after January 15th. For cold frame planting use **EITHER** first or second size bulbs. Many successful florists use third size bulbs for main crop outside, with second size for extra early or late.

If not familiar with the varieties listed, we recommend our Collections A, B, C or D, which we feature as an introductory offer to new customers.

If bulbs are ordered for counter trade, colored illustrations will be furnished upon request.

Delivery can be made any time from December 1st to May 15th; and you may be assured that every effort will be made to handle your order efficiently, promptly and to your entire satisfaction. Prices are subject to change. If in need of large quantities, send us your list for a special quotation.

SPECIAL POMPON DAHLIA COLLECTION

6 each of 5 varieties of Pompon Dahlias, of our selection, 30 plants in all—labelled and separately packed for only \$6.00.

DWARF BEDDING DAHLIAS

This interesting group of Dahlias has remarkable value for garden planting and home decoration. The plants form compact bushes, seldom more than two feet high. They begin blooming when only a foot high and flower continuously from early summer until frost. We offer an excellent mixture of single, semi-double and double types in dazzling colors.
